IN SAFE HANDS

SUPPLIERS WE REQUEST YOU TO BOOK

The gardens at Goodnestone Park are open to the public throughout the year, for all weddings we need to ensure that deliveries made by suppliers are done efficiently, with as little disturbance to the grounds as possible. We therefore request that you use the below suppliers as they have been trusted by Goodnestone for many years and know the site well.

MUSIC

LIVE BANDS TO BE HIRED VIA TOBY BOYLE MUSIC

At Goodnestone Park we take great pride in protecting our neighbours from any noise caused by the wonderful celebrations we host. Our license to trade includes a clause regarding the level of decibels permitted per event. We want to offer our couples the best in sound systems, so they can enjoy live music at a sound level just perfect for a party! We have installed a first class sound system that will be managed by a professional sound engineer and request that all bands are booked via our exclusive entertainment agent Toby Boyle.

All Toby's acts are accustomed to working with the sound system we have had custom made in our Orangery which rules out the risk of the music having to be turned off if the sound goes above the agreed decibel limit in the license. Each of the bands at Toby Boyle Music has their own distinct personality and between them perform the best in live pop, rock, disco, funk, soul, jazz, swing and blues. Their performers have the talent, experience and versatility to ensure your wedding goes with a swing, at a price to fit your budget.

They also offer high quality solo acts, duos, and trios of various musical flavours, from chilled acoustic vibes to jazzy/bluesy background music, magical harp or classic strings, using only musicians they know and who are of the highest calibre.

Get in touch with **Toby on 07910 267601** or at bookings@tobyboylemusic.co.uk to discuss your options. For further information, visit Toby's website.

MINT DJ'S

Mint DJs are a group of award-winning, experienced, professional DJs, who are proud to provide a high-quality, stylish DJ service for your wedding at Goodnestone Park. They will work with our in house sound system and you to ensure the music is the lasting memory that you and your wedding guests will take with them. For more information visit mintdjs.co.uk

To book your DJ contact **Tim on 07899 973312**

CATERING

Each of these catering companies are local to the Canterbury area which makes them a great choice for fresh local produce. We think they are all amazing, we know they will provide you with a 5* service and work with you to create a wonderful, bespoke menu that your guests will always remember. These caterer's have been vetted and approved by us. If there is a reason you would prefer to use another catering company, we ask you to apply for permission before you confirm your booking with them. They will need to be vetted and accredited and if approved there will be a fee of £500 added to your hire fee.

As you have the entirety of Goodnestone House to yourselves the night before the wedding why not make full use of your time there and host a Rehearsal Dinner the night before your wedding. Our five preferred caterers can help you with this. Should you wish to apply for a catering company not on our list to use the kitchen in the house to prepare a rehearsal meal, please note there will be an additional fee added to your hire fee to cover the costs of a member of Goodnestone staff to be present.

Please let us know which catering company you choose.

BAR

Goodnestone Park offers no corkage for any reception/welcome drinks (including soft drinks) providing your caterer serves and provides the glassware and garnishes. There is no corkage for wine and beer during your wedding breakfast (again glassware is to be supplied by the caterer).

We ask that your caterer stops serving your drinks when the bar starts, at this point, Goodnestone Park provides a fully staffed bar serving your chosen drinks menu from a pre-selected list. You can choose to set a spending limit, or we can operate as a paid bar for your guests. Hire costs for the bar which includes staffing, glassware and garnishes are **£500** and will be run by our team.

CROCKERY AND LINEN HIRE

Your catering company will offer these items to you as part of your booking with them. They will be hired via 1st Setting and we will liaise with them on the delivery and collection times. 1st Setting have a variety of coloured linen that you can choose from. You can see the online catalogue [here](#).

If you are looking to hire coloured or vintage glassware, or gold, copper, black or white cutlery, we advise you to look at these companies.

Make sure you let your caterer know if you plan to hire cutlery, crockery and glassware from elsewhere.
